100 Questions Sales & Leadership Can Ask the AI

A playbook of natural-language prompts that tap directly into JobTread, the dashboard snapshot, and live pipeline data. Use them as a starting point — paraphrase freely; the AI handles intent.

Prepared for: RC / RNR leadership + sales **Coverage:** JobTread live (RC) + multi-brand snapshot

CONTENTS

Pipeline Health	1–15
Sales Rep Performance	16–30
Customer & Project Lookups	31–45
Financials & AR	46–60
Scheduling & Upcoming Work	61–75
Production & Operations	76–85
Marketing → Sales Funnel	86–92
Strategic & Executive	93–100

Pipeline Health

15 questions

Stage counts, time-in-stage, bottleneck detection, and where leads stall.

1. How many leads are in each stage of the sales pipeline right now?
2. Which stage has the most leads stuck in it?
3. What's the average time leads spend in "Retail: Appointment Set"?
4. Which leads have been sitting in "Retail: Estimating" the longest?
5. How many leads moved to "Sold" this month vs. last month?
6. What's our total active pipeline count?
7. Which stages are bottlenecks right now — where are leads getting stuck longest?
8. How many leads are in "Retail: Proposal Follow Up" and what's the average days there?
9. What's the oldest active lead we have?
10. How many leads are in "Drip Campaign" — are we recycling them?
11. Show me the top 10 stalest leads across all stages.
12. What's the breakdown of Retail vs. Builders leads in the pipeline?
13. Which leads have been in the same stage for more than 30 days?
14. How many leads are in "Dead do not call" vs. active?
15. What's our conversion rate from "New Lead" to "Sold"?

Sales Rep Performance

15 questions

Individual rep pipelines, win rates, deal velocity, and workload.

16. How is Mark Lopergolo's pipeline looking?
17. Which sales rep has the most leads in "Appointment Set"?
18. What's Mark's win rate this quarter?
19. How many deals has Mark closed recently?
20. Which sales rep has the oldest stuck leads?
21. Show me all of Mark's active (non-sold, non-lost) leads.
22. Who has the most deals in "Quoted" right now?
23. What's the average deal size Mark has sold?
24. Which rep has the highest average time-in-stage (slowest to move leads)?
25. How many leads is each sales rep actively working?
26. Which rep has the most "Lost Lead" entries — are they over-qualifying?
27. Show me Mark's proposal follow-ups he needs to chase.
28. Which rep has the highest-value pipeline right now?
29. Which rep has no activity this week?
30. What's each sales rep's conversion rate from "Appointment Set" to "Sold"?

Customer & Project Lookups

15 questions

Specific-customer and specific-project questions — the AI looks them up live in JobTread.

31. When does Mark have an appointment with Terry McKeever?
32. What's the status of the 1119 Robin Rd project?
33. Did the Dan Tassone project end up over budget?
34. How much has Dan Tassone paid us total?

Production & Operations

10 questions

Field activity, production pipeline, and daily-log insight.

76. Which jobs are currently in "Work in Progress"?
77. How many jobs are in "Ready to Schedule" waiting on us?
78. Which jobs are stuck in "On Hold" and why (check daily logs)?
79. What's the latest field update on all active install jobs?
80. Which jobs are in "Punch List" and how long have they been there?
81. What did we do at the 88 Keller Rd job this week?
82. Show me every daily log mentioning a weather delay.
83. Which jobs are flagged as "Pending Shingle Color"?
84. How many jobs closed production this month?
85. Are there any customer complaints mentioned in recent daily logs?

Marketing → Sales Funnel

7 questions

Top-of-funnel + cross-brand comparisons from the dashboard snapshot.

86. Which lead source is driving the most RC leads this month?
87. How did RC leads compare to Ryann Reed this month?
88. What's our cost per lead by channel?
89. Which marketing channel is converting best to Sold?
90. Was email stronger than Google Ads this period?
91. How many leads came from the website vs. referrals last 30 days?
92. Is Ryann Reed pulling its weight vs. Remodeling Concepts?

Strategic & Executive

8 questions

Synthesis questions — the AI combines pipeline, AR, and activity to answer.

93. What are the 3 biggest risks in our pipeline right now?

94. If I could only fix one bottleneck this week, which would it be?

95. What's our forecast close rate based on current stage durations?

96. Which deals are most likely to slip if we don't act this week?

97. Where are we leaking revenue — AR, stalled quotes, or lost leads?

98. What's changed most dramatically this month vs. last?

99. Give me a one-paragraph status of the business right now.

100. What should I (the owner) care about most this week?

Coverage: #1–85 all route to live JobTread tools (search contacts, pipeline stages, AR aging, daily logs, tasks, sales-rep lookups). #86–92 lean on the daily dashboard snapshot. #93–100 are synthesis questions — the AI chains multiple tool calls to answer them. For marketing/channel data on RNR and WL, reconnect GHL or GA4 when ready.
